Iowa State University

Iowa State University provides education for undergraduate and graduate students in the land-grant tradition of combining practical programs with the liberal arts and sciences. From research facilities to cultural offerings, the university is a hub of activity.

Logo and graphic courtesy of Iowa State University

History

Created as the Iowa Agricultural College and Model Farm by the Iowa General Assembly in 1858, Iowa State University (ISU) became a land-grant college under the terms of the federal Morrill Act in 1863 and held its first classes in 1869. Renamed the Iowa State College of Agriculture and Mechanic Arts in 1898, it became Iowa State University of Science and Technology in 1959. Historical markers are located throughout the main campus.

ISU was the birthplace of the electronic digital computer and is the home of the nation's oldest state veterinary school. The university pioneered the establishment of agricultural studies on the college level and has been a leader in establishing the profession of home economics.

General Information

ISU is a member of the prestigious Association of American Universities. It is accredited by the North Central Association of Colleges and Secondary Schools as well as by appropriate professional organizations. Its colleges of Agriculture, Business, Design, Education, Engineering, Family and Consumer Sciences, Liberal Arts and Sciences, and Veterinary Medicine have developed more than 100 programs of study. The Graduate College offers approximately 200 major fields of study leading to master's, specialist, and doctor of philosophy degrees. The College of Veterinary Medicine awards the Doctor of Veterinary Medicine degree.

The academic year is divided into three periods: Fall Semester (late August through December), Spring Semester (mid-January to mid-May), and Summer Sessions (June to early August). When classes are in session, the 50 bells of the Campanile provide daily noon-hour concerts.

Sports enthusiasts enjoy ISU's varsity competition in Big 12 athletics. The ISU Cyclones play basketball in the James H. Hilton Coliseum and football in ISU's Jack Trice Stadium.

Campus maps are available in the Memorial Union and the ISU Information Booth, located on Elwood Drive on the east side of the Iowa State Center.

Phone Book Recycling

How U S WEST Dex closes the loop in outdated phone book recycling

1 Each year, U S WEST Dex delivers phone books printed on a minimum of 40% postconsumer recycled paper, made from old phone books, to homes and businesses in its 14-state service area.

2 U S WEST Dex partners with other environmentally responsible businesses to provide recycling drop-off locations for collection of outdated U S WEST Dex® phone books. These convenient locations make it easy for people to participate in the U S WEST Dex closed-loop recycling process.

3 The outdated phone books, collected through our recycling events, are transported to a central warehouse where they are prepared for shipment. Millions of pounds of old phone books are loaded into trucks and trains and shipped to a mill for recycling.

4 Trucks and trains make regular deliveries to the recycling mill, providing it with old phone books to use as raw material for the manufacturing of recycled directory paper.

5 The mill processes the old phone books into paper pulp, removing inks, dyes, and glue. The recycled pulp is reinforced with stronger pulp. The pulp is then manufactured into recycled paper that meets our standards for our new phone books.

6 Rolls of recycled white and yellow paper are then shipped to printers and printed with current residential, business, and community information. The resulting U S WEST Dex® phone books provide the public with the most widely used source of information available 24 hours a day, every day of the year.

7 These new U S WEST Dex® phone books are then delivered to homes and businesses throughout your community and this closed-loop recycling process begins again.

"It's What To Do When You Finish a Good Book"®...Recycle!

Consumer Tips

You are protected by state and federal regulations that guide the way telephone companies do business. There are also things you can do to help protect your privacy and safety. Some consumer guidelines are listed here.

Pay Per Call Service Information

"900" Numbers

What They are

Private companies offer a variety of informational programs using phone numbers that begin with "900". There is a charge for calls to these numbers. Charges for "900" calls appear on the Interexchange Carrier page of your bill. "900" calls contain an introductory disclosure message specifying types of charges, time necessary to complete the call, and an option to disconnect without charge at the end of introductory message.

The price and content of "900" services are the responsibility of the companies that provide the information.

How to Block Calls to "900" Numbers

Your telephone company will assist you in blocking calls from your line to "900" numbers.

Other Questions about "900" Numbers

If you have a complaint or dispute about the "900" service, call the interexchange carrier. Services that contain illegal or sexually explicit materials are not allowed. Nor is your telephone service disconnected for disputes about payment of "900" charges.

Financial Assistance

Several programs provide financial help depending on your circumstances. The Low-Income Energy Assistance Program (LIEAP) provides money to qualified customers who need help with winter heating bills. Also, the major energy utility companies have their own financial assistance programs to help customers.

Telephone Assistance Programs

The Telephone Assistance Program (TAP) provides reduced phone bills for qualified low-income customers.

The Link-Up program provides financial help with telephone service installation charges for qualified low-income customers.

Consumer Tips

- **Unwanted Sales & Survey Calls**
- **Billing Name & Address Disclosure**
- **Obscene or Harassing Phone Calls**

Unwanted Sales & Survey Calls

If you receive unwanted sales and/or survey calls, please take the following steps.

- Be skeptical of offers that sound too good to be true; they usually are.
- Report companies using questionable sales practices to the Better Business Bureau or your state attorney general's office.
- Disconnect computer-generated calls by hanging up your telephone for 12 to 15 seconds.
- Contact the Direct Marketing Association to have your name removed from telephone solicitation lists. Write to:

  Telephone Preference Service
  c/o Direct Marketing Association
  P.O. Box 9014
  Farmingdale, NY 11735-9014

- Call your local telephone company to have your name removed–at no charge–from any lists that they may lease to other firms. Customers with non-listed or non-published numbers are never included on the lists.
- Do not give your telephone credit card number to anyone who calls and asks for the number.

Billing Name & Address Disclosure

When you place a calling card call or accept a collect call or third-number billed call, your telephone company is required to provide your billing name and address to the telecommunications service provider that handled the call, if that provider requests. Your telephone company will continue to provide billing name and address information to telecommunications service providers for other account matters, such as customer service, servicing your account, to prevent fraud or when you move from one location to another.

Obscene or Harassing Phone Calls

Stay calm and hang up the phone. Call your local telephone company for information on how to handle these types of phone calls.

It's against the law to make obscene or threatening phone calls. Telephone harassment is a crime. Penalties include imprisonment and/or a fine.

Repair Service

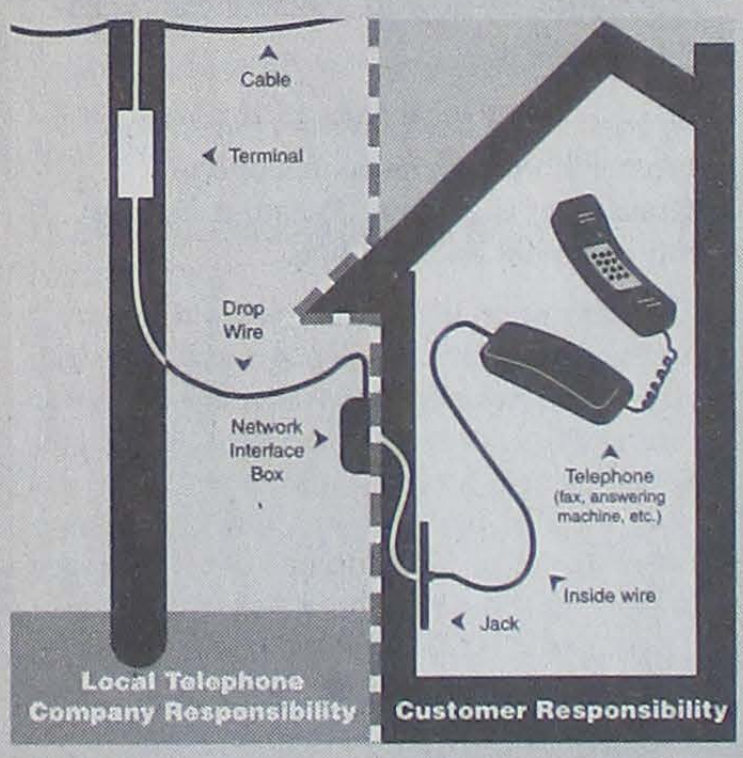

Simple tests can be done to determine whether to call your local telephone company or another company. These tests may save you time and money.

Repair Service reporting numbers are in the front of this section.

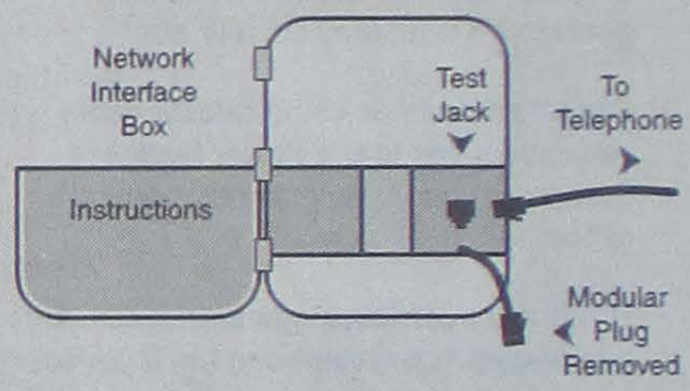

Before You Call

1 Hang up all telephones. Make sure phone accessories – answering or fax machines, computers, modems, security system, and telephone sets – are working. To check, unplug the phone cord from the unit or the jack and check for damage. Leave everything unplugged for 5 minutes. Then try plugging in phone sets one at a time to see if the trouble still exists.

2 If all the phone accessories are working, go to your network interface box. (Outside, where the phone line enters the house.)

3 Test to determine if the problem is inside or outside the house:

1. Take a working phone to the network interface box (single line phone only).
2. Remove the modular plug from the test jack and insert the modular plug from your phone.

If the same problem occurs:

the problem is in the phone line. Call your local telephone company and they will repair the lines at no charge to you.

If the problem does not occur:

the problem is in your wiring. Call your local telephone company or another company to repair your inside wiring.

If the problem is in your telephone set:

follow the instructions on your warranty or contact your equipment retailer for repair or replacement.

The "How To" of Starting Your Service

U S WEST

If U S WEST is your local phone company, we can provide you with local telephone service, local long distance service within your calling area, and other telephone services.

You may find it helpful to read this information before placing your order for new phone service.

Your 3 Steps to Telephone Service

Call 1 800 244-1111 (for home), or 1 800 603-6000 (for business), and a service representative will describe the services available to you, explain what each costs, and take your order. We will need to know a few things about you and the service you want:

Step 1

How do You Want to be Listed?

Your complete street address (including apartment or suite number)

You may choose how you want to be listed. A listing in your local U S WEST Dex® telephone directory is free. For options available to you, call 1 800 244-1111 (for home), or 1 800 603-6000 (for business).

Privacy Listings
If you don't want your name in this book, you have two choices. Your name and number can be left out of the directory, but still be available from directory assistance (non-listed). Or your name and number can be left out of the directory and not be available from directory assistance (non-published). There's an additional charge for either option. For health and safety purposes, your non-published or non-listed information may be released when you call 911 or other emergency service providers.

How do You Want to be Listed?

(cont'd)

Premium Listings
Are available for an additional charge. These include: additional listings; listings for a number outside of the area normally included in a particular directory; cross references to other listings; informational listings that include non-promotional information and alternate call listings that refer to another number. Call 1 800 244-1111 (for home), or 1 800 603-6000 (for business) for details.

Step 2

Need to Make Some Choices...

Type of service: Unlimited or Measured
Local long distance company

Need to Make Some Choices...

(cont'd)

You Need to Select a Long Distance Company
U S WEST and other companies provide long distance service within your local long distance calling area.

You must also select a long distance company to provide long distance service to other calling areas.

If You Have Phone Service and Need to Make a Change
Call 1 800 244-1111 (for home), or 1 800 603-6000 (for business). A U S WEST service representative will handle your request and explain what each change will cost.

Step 3

Costs & Necessary Deposits

Information about your previous telephone service, including phone number, city and state

Employment and credit information (for home telephone service)

Business ownership information (for business service)

What it Costs to Begin or Change Service
The one-time charge to install or change your telephone service depends on the amount of work required. Generally, you're charged for the work required to process your order and to connect or make changes in your service.

We require advance notice to install new service.

For more information call 1 800 244-1111 (for home), or 1 800 603-6000 (for business).

There is no Charge to Disconnect Your Phone Service
Call 1 800 244-1111 (for home), or 1 800 603-6000 (for business) to stop your service. You pay only for the time your phone is connected.

Costs & Necessary Deposits

(cont'd)

Advance Payments and Deposits
If you are a new customer with U S WEST or have recently moved and need to re-establish service, we may ask for an advance payment or deposit.

Deposits are based on local service and long distance charges. For information on deposit requirements, call 1 800 244-1111 (for home), or 1 800 603-6000 (for business).

We may require a new or additional deposit if we stop your service because your payment is late. There's also a charge to begin service again.

Your Deposit will be Refunded
With interest after 12 months if your phone bills are paid on time. If you discontinue service during this time, the deposit and interest will be applied to your final bill.

Deposits for Other Companies
U S WEST handles billing and collections for some long distance companies and may require a deposit for these companies. The amount will be based on your estimated long distance charges for two months.

If You Need New Telephone Wiring or Jacks
You have three options:

1. You can have U S WEST do the work. If you have our technicians install jacks or wiring inside your home or business, you'll be charged for the time the technician is there and for the materials used.

2. You can have an independent contractor do the work.

3. You can do the work yourself. All inside wiring must meet certain technical standards.

For more information call 1 800 244-1111 (for home), or 1 800 603-6000 (for business). Some services may not be available in all areas.

U S WEST Calling Plans
U S WEST offers a variety of local long distance calling plans to save you money. Call 1 800 244-1111 (for home), or 1 800 603-6000 (for business), for more information to see which plan best serves your needs.

Calling Card Calls

Your U S WEST Calling Card is accepted by many long distance and local telephone companies for billing the telephone calls you make. Using your Calling Card does not mean that U S WEST or any particular company will handle the call. Which company handles the call may depend on which company provides service to the telephone you are using to make the call, and that company may not be the one you have selected as your long distance company for your home or business service. Rates for calls charged to your calling Card are established by the company that handles the call.

Here's how to make a Calling Card call:

- From a push-button phone with Touchtone service: Dial 0 + area code + the telephone number, wait for the tone, then dial your Calling Card number.
- From a rotary dial phone: Dial 0 + area code + the telephone number, wait for the operator to answer, say you're placing a Calling Card call, and give your card number.
- To the same telephone number that's on your Calling Card: Dial 0 + area code + the telephone number, wait for the tone, then dial your four-digit personal identification number (the last four numbers on your card). For calls made from another calling area, dial your area code before you dial your phone number.

Protect Your Card Against Fraud:

1. Use a card reader phone whenever available.
2. Position yourself so that people standing near you can not watch you dial or hear you say your personal identification number.
3. Never give your personal identification number to anyone calling you, even if they identify themselves as phone company employees, law enforcement agency representatives, or long distance security personnel.
4. Examine your monthly bill.
5. Call the appropriate number on the back of your Calling Card immediately if you suspect fraud on your card.

Operator Assisted Calls

Using the Operator to Make Calls Within Your Calling Area

There is an additional charge for calls requiring operator assistance. They are more expensive than Calling Card calls or calls dialed directly from your home or office.

Collect Calls

Dial 0 + area code + the number. Tell the operator you're making a collect call. The operator will hang up when someone at the number you've called accepts the charges.

Calls Charged to a Third Number

Dial 0 + area code + the number. Tell the operator you want to charge your call to a third number. If you're calling from a public (pay) phone, the operator will call the third number to make sure the charges will be accepted. The call won't go through if the operator can't get approval.

Person-to-Person Calls

Dial 0 + area code + the number. Tell the operator you're making a person-to-person call to a specific person. The operator will hang up and charge you for the call only if that specific person answers. You can place a person-to-person call when you call collect, use your U S WEST Calling Card, or charge your call to a third number.

If You Want to Know how Much Your Call Will Cost

Dial 0 + the long distance number. Tell the operator you want "time and charges." When you finish the call, a computer voice will return to the line to tell you what you'll be charged.

Operators can Check a Busy Line

In most areas, to determine if someone is actually speaking on the line. There may be a charge for this service.

2. To return to the first call or alternate between calls, quickly press and release the receiver button each time.
3. You may also answer the waiting call by hanging up and waiting for the phone to ring.

To Cancel Call Waiting per Call:

1. Before making your call, push *70 on your Touchtone phone (or dial 1170 on your rotary dial phone). You will hear 3 short tones followed by a dial tone.

To Use Caller ID

1. Once your Caller ID service is activated, just follow the instructions with your display unit to install and operate.
2. Calls marked "PRIVATE" or "ANONYMOUS" are from callers who have chosen to block delivery of their name and number.

Consumer Tips

U S WEST has redesigned your phone bill so that it is easier to read and handle. Because the new bill has fewer pages, it is also easier on the environment. These changes reflect our continuing effort to respond to our customers' concerns and feedback.

Paying Your Bill

Make One Payment
Although your bill may include charges from several different companies, you should make your entire payment payable to U S WEST. Unless otherwise required by law, tariff or commission order, partial payments received without customer direction will automatically be prorated by U S WEST based on the ratio of the amount due each company to the total amount due. Customers who are unable to pay in full the amounts due for the telephone services rendered, may designate that partial payments are to be applied to charges for particular services by calling the U S WEST Business Office at the number listed on the following page.

Payments Should be Received by the Due Date Listed on Your Bill
The due date on your bill applies to current charges. There is no implied extension on any previous agreement or notice regarding payment of past due charges.

Automatic Payment Plan
You can pay your telephone bill through our Automatic Payment Plan. Your payment is automatically transferred from your checking or savings account each month.

To sign up for this free service, call the Automatic Payment Center at 1 800 851-0134.

Credit & Refunds

If You are Without Phone Service
for 24 hours or more because of U S WEST's line or equipment problems and have reported the problem to our repair service number, you will receive credit for the outage period. It will be applied to your monthly local service charge.

If You Dial a Wrong Number/Receive Poor Transmission or are Cut Off
while making a long distance call with U S WEST, you can get credit by dialing the "0" operator and asking for a refund. If you've used another long distance company for that call, you must call that company.

If You are Billed for Calls You Didn't Make
call the number at the top of the individual page of the U S WEST bill where that call appears.

It's against the law to use another person's number or telephone credit card to charge calls without permission. Penalties include imprisonment and/or fines.

If You Lose Money in a Public (Pay) Phone
check the set to see if it is owned by U S WEST.

If your call was local or within the U S WEST calling area, refer to the instruction card on the phone for a toll-free number to call for refunds.

If your call was outside of the U S WEST calling area, contact the long distance company indicated on the phone.

As the State Commissioner of Elections, I want to encourage all Iowans to exercise their right to vote. Registering to vote is the first step. Studying the candidates and issues makes each of us better informed as we cast our vote on election day.

The county auditor is your local source for information on election dates, polling places, and voter registration records.

If you have election-related questions or concerns, feel free to contact my staff in the Elections Division at: (515) 281-0145 (Voice), TTY: (515) 281-5865, or (888) SOS-Vote [767-8683] toll free, or visit our Website at www.sos.state.ia.us.

Sincerely,

Chester J. Culver
Secretary of State

Absentee Voting

Any registered voter may apply in writing to the county auditor to receive an absentee ballot. The application shall be signed personally by the applicant and be filed with the county auditor not later than 5 p.m. on the day before the election.

The voter may vote in person in the office of the county auditor, or have a ballot sent to them by mail.

Voting Locations

Election notices are published in local newspapers naming the polling place for each election precinct, the date of election, and the hours during which the polls will be open. County auditors also have this information. Every effort has been made to provide voters with disabilities with polling place accessibility or, when requested, absentee ballots.

Or describe where you live:

Privacy Act Notice: Disclosure of your Social Security number on this voter registration application is voluntary. It is requested by authority of 1994 Iowa Acts, SF 2223. Failure to provide the number will have no effect on your right to register or your right to vote. If you provide your number, it will be used to help avoid multiple registrations for a single individual. It may also be disclosed to those who purchase lists of registered voters and to those who view original voter registration records, which are public records under Iowa law.

Registration

To register to vote in Iowa, you must:

- Be a citizen of the United States.
- Be a resident of Iowa.
- Be at least 17 1/2 years old (18 years old to vote).
- Not have been convicted of a felony (or have had your rights restored).
- Not currently be judged mentally incompetent by a court.
- Give up your right to vote in any other place.

Deadlines for registering to vote are 10 days before a primary or general election; 11 days before any other election. You may register after the deadline, but your registration will not be effective until after that election. Normally, an application must be received by the deadline in order to be valid for the election. However, if your registration is postmarked at least 15 days before the election, it will be accepted for that election even if it is received after the deadline. Registration is permanent. After you register, you do not have to register again unless you move to a new address.

NEED ACCOUNTING SERVICES-
Less than full-time or seasonal?
NEED INFORMATION TO HELP YOU
Make Crucial Business decisions?

Have you tried:
1) doing it yourself
(after the 12 hours you spend running your business)
2) teaching someone else to do it
(which is twice as much work as doing it yourself)
3) sending your book work out
(and waiting for reports you don't understand)
4) buying a computer and program
(then discovering this did not make it easier)
5) asking a friend or relative to do it
(which nearly ruined your friendship)

Warning! If You're Suffering From An Auto Accident Injury (whiplash), Don't Call Any Doctor Until You Read This.

Did you know there are doctors who specialize in treating people who suffer from auto accident injuries?

It's true. You see, working with motor vehicle accident victims requires special examination and treatment to help your problem. It also requires special documentation for insurance companies and attorneys.

It's important that your condition be very carefully and properly treated for maximum recovery. It also has to be thoroughly documented, because what is done and recorded can make the difference in the results of your case.

In addition, the doctor may have to make court appearances or depositions on your behalf. Many physicians aren't willing, or just are not an expert in this.

Fortunately, there is a clinic in Ames that specializes in motor vehicle accident injuries. In addition, we are experts in caring for nerve-muscle-joint problems, especially those of the neck, back, legs, and arms.

Call 233-1709

Same-day appointments usually available to help you and put an expert on your side.
